This is to Certify that  
G.T.E. Anti Radiation Device  
is very useful and protects  
from Radiation

It is most useful for children  
why because now a days they  
are playing Video Games with  
Cell phones.

Dr. Suneetha Raju

This is to certify that  
ATE (Anti-radiation Device) is very  
useful to the pregnant woman.  
Radiation from Electronic  
gadgets i.e. Mobile phones, I-pod,  
Laptops etc, is one of the causes  
for increasing incidence of missed  
abortions, and genetic defects in  
the baby. Refus. and increased incidence  
of male & female infertility.

Suneetha Raju  
DR. R. SUNEETHA, M.D. OBG  
GYNAECOLOGIST
